Alexandre Dupont
Senior Software Engineer

⊙ Paris, France | @ work@alexdup.me | ⟂ https://alexdup.me

Summary

I'm a Fullstack JavaScript Developer with 8+ years of experience in software development, specializing in creating efficient, scalable applications for complex business needs. Strong expertise in JavaScript ecosystems, backend optimization, and frontend development. Adept at working in collaborative, fast-paced environments and delivering solutions that enhance user experience and system performance.

Experience

TechCorp Innovations   Jan 2022 - Present
Senior Software Engineer

- Built new features for SaaS products, making them more useful and user-friendly.
- Improved backend systems to handle more users without slowing down.
- Worked closely with designers and product managers to ensure the software met client needs.
- Helped new developers get started and shared knowledge with the team.

Twitter   July 2021 - Dec 2021
Software Engineer

- Designed and implemented backend services for high-volume data processing, improving reliability and scalability.
- Contributed to internal tools that streamlined development workflows across teams.
- Collaborated with cross-functional teams to roll out new features and enhance existing ones.

Facebook   Jan 2021 - Jun 2021
Developer Intern

- Built user-facing features for a social media platform, focusing on performance and accessibility.
- Worked closely with designers and product teams to create visually appealing and functional interfaces.
- Debugged and optimized code to ensure seamless user experience across devices.

Freelance   2016 – 2020
Web Developer

- Developed websites and custom web applications for small businesses and individuals.
- Implemented e-commerce functionality, booking systems, and responsive designs for various industries.
- Managed client communications and provided ongoing technical support.

Education

University of California, Berkeley, USA   2017 – 2021
Bachelor's in Computer Science

Stanford Online High School
High School Diploma

Interests

Building personal projects and exploring new technologies in my free time

Mentoring junior developers and contributing to their growth.

Following tech trends and innovations in software engineering.

Certifications

MongoDB Certified Developer

AWS Certified Solutions Architect – Associate
